WHAT IT IS

The Tenderloin Arts Festival is a month-long activation of venues in the Tenderloin where audiences can experience all the creativity of this historical cultural neighborhood through a series of performances, exhibitions, and workshops facilitated by local artists and organizations.

WHO WE ARE

The Tenderloin Arts Festival was instigated by SAFEhouse Arts and CounterPulse who have been creating programming including performances, exhibitions, and workshops for communities in the Tenderloin for many years and have developed deep relationships with many residents and businesses in the neighborhood.
